The Michigan Department of Environment, Great Lakes, and Energy (EGLE), Materials Management Division (MMD), has reviewed the *Well Abandonment Proposal* (Proposal), prepared by Ramboll for the RACER Coldwater Road Landfill (facility), dated September 12, 2024. The Proposal was reviewed for compliance with the facility's Corrective Action Consent Order, WMD Order No. 64-05-92, effective October 29, 1992; the March 22, 2024, Post-Closure Plan approved by the MMD on May 31, 2024; and Part 111, Hazardous Waste Management, of the Natural Resources and Environmental Protection Act, 1994 PA. 451, as amended, and the administrative rules promulgated pursuant that part.

Based on our review, the MMD approves the well abandonment of all monitoring wells identified in the Proposal, following the procedures identified in the Proposal.
