Re: Chevrolet-Flint Landfill
Linden Road, Sec. 17
Flint Twp., Genesee County

Dear Mr. Schwartz:

Pursuant to our conversation on September 20, 1972
I am writing this memo.

After reviewing the file on the above mentioned disposal site and consulting with Rod Mosier of Michigan Department of Public Health, it has been determined that this type of operation (dumping of machine metal shavings) does not come under the scope of the solid waste disposal act. Therefore, it is not necessary to secure a license.

However, if at a future date the nature of this operation should change to that which would possibly come under the scope of the Solid Waste Disposal Act, please contact this agency.

Very truly yours,

Dave DuHamel
