VIA EMAIL

Brendan Mullen, Cleanup Manager
RACER Trust
500 Woodward Avenue, Suite 2650
Detroit, Michigan 48226

Dear Brendan Mullen,

SUBJECT: Approval of Request to End Monitoring at 1217 East Stanley Road; RACER Coldwater Road Landfill; Flint, Michigan; MID 005 356 860; Waste Data System Number 393431

The Department of Environment, Great Lakes, and Energy (EGLE), Materials Management Division (MMD), along with the Department of Health and Human Services (DHHS), has reviewed the request to end monitoring at 1217 East Stanley Road (Request), submitted in the December 1, 2023 email, by Ramboll on behalf of RACER Coldwater Road Landfill, 1245 E Coldwater Road, Flint, Michigan (facility). The Request was reviewed for compliance with the facility's approved Post-Closure Plan; Part 111, Hazardous Waste Management, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (NREPA), and the administrative rules promulgated thereunder; and Part 201 Environmental Remediation, of the NREPA (Part 201).

Based on our review, the MMD approves the Request. RACER has been conducting semi-annual monitoring at 1217 East Stanley Road since May 2019 when perfluorooctane sulfonic acid (PFOS), was detected above the laboratory reporting limit, but below Michigan's Part 201 drinking water criteria of 16 parts per trillion (ppt). Results from the semi-annual sampling have been below the laboratory reporting limit of 2 ppt since December 2019. EGLE will notify the resident that semi-annual sampling will no longer occur.

If you have any questions, please contact Nicole Sanabria, Geologist, Corrective Action Unit, Hazardous Waste Section, MMD, at 517-281-7726; SanabriaN@Michigan.gov; or EGLE, MMD, P.O. Box 30241, Lansing, Michigan 48909-7741.

Sincerely,

Joseph Rogers, Acting Unit Supervisor
Corrective Action Unit
Hazardous Waste Section
Materials Management Division
517-599-5312

Brendan Mullen
