RECEIVED JUN 20 2012

SUBJECT: Request to Conduct Response Activities Pursuant to Part 201/Part 111 In
Lieu of Part 213 Willow Run Powertrain Plant
Facility ID No. 00003522 2930 Ecorse Road, Ypsilanti, Michigan

On April 27, 2012, Revitalizing Auto Communities Environmental Response Trust (RACER), notified the Michigan Department of Environmental Quality (DEQ), Remediation Division (RD) that RACER chooses to perform response activities pursuant to Part 201 in lieu of Part 213 as allowed by Part 213 Section 21304a(5).

The DEQ agrees with RACER that the release at the Willow Run Powertrain Facility is not solely from an Underground Storage Tank (UST) system(s). The DEQ concurs with RACER's request to perform response activities associated with existing UST releases (C-0297-89, C-0102-90, C-1772-91, C-1745-91, C-2005-91, C-2370-91 and C-0060-12). RACER may perform response activities pursuant to Part 201/Part 111, Resource Conservation and Recovery Act (RCRA) Corrective Action.
