

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY
REGION II

DATE: **SEP 26 2017**

SUBJECT: Approval of the General Motors (Central Foundry Division) Site East Disposal Area and East Disposal Area Infield Remedial Action Report

FROM: Joel Singerman, Chief
Central New York Remediation Section

TO: Doug Garbarini, Chief
New York Remediation Branch

Attached for your approval is the East Disposal Area and East Disposal Area Infield Remedial Action Report for the General Motors (Central Foundry Division) site. The following sections correlate to EPA's guidance:

- I. **Background** – provided in Section 1.2.1
- II. **Construction Activities** – covered sufficiently under the current Section
- III. **Chronology of Events** – provided in Section 5
- IV. **Performance Standards and Construction Quality Control** – identified throughout Section 2 as well as Appendix C (earthen materials testing) and Appendix D (CQA documents)
- V. **Final Inspection and Certifications** – detailed in Section 6
- VI. **Operation & Maintenance Activities** – identified in Section 7
- VII. **Contact Information** – provided in Section 1.3

Please denote your approval of the subject document by signing below.
