## Well Information

|                          |         |
|--------------------------|---------|
| Well Location            | Plant 3 |
| Condition of Well        | Good    |
| Well Locked at Arrival   | Yes     |
| Well Locked at Departure | Yes     |

Signature

A handwritten signature in black ink, appearing to read "Di Qu". The letters are stylized and connected, with a small dot above the "i" in "Di".

### Sample Information

|               |       |
|---------------|-------|
| Sample Time   | 15:05 |
| Color         | Clear |
| Notable odors | Yes   |

### VOCs

|                      |            |
|----------------------|------------|
| Constituent Sampled  | VOCs       |
| Container Type       | 40 mL Vial |
| Number of Containers | 3          |
| Preservative         | HCL        |

### Well Information

|                        |         |
|------------------------|---------|
| Well Location          | Plant 2 |
| Condition of Well      | Good    |
| Well Locked at Arrival | Yes     |

Well Locked at Departure

Yes

Signature

A handwritten signature in black ink that reads "Jessica Fransted". The script is cursive and fluid, with the first name "Jessica" and last name "Fransted" written in a single line.

| Well Locked at Departure | Yes     |

Signature

A handwritten signature consisting of the letters 'M' and 'L' in a cursive, stylized font. The 'M' is formed with a single continuous stroke, and the 'L' is also formed with a single continuous stroke, ending in a sharp upward hook.

### Sample Information

|               |       |
|---------------|-------|
| Sample Time   | 10:36 |
| Color         | Clear |
| Notable odors | None  |
| Signature     |       |

A handwritten signature in black ink, appearing to read "Gustaf", is written over the signature line of the table.

### 1,4-Dioxane

|                      |             |
|----------------------|-------------|
| Constituent Sampled  | 1,4-Dioxane |
| Container Type       | 40 mL Vial  |
| Number of Containers | 3           |
| Preservative         | HCL         |

### Well Information

|                          |         |
|--------------------------|---------|
| Well Location            | Plant 2 |
| Condition of Well        | Good    |
| Well Locked at Arrival   | Yes     |
| Well Locked at Departure | Yes     |

Signature

A handwritten signature in black ink, appearing to be 'M/R' followed by a stylized flourish.

Well is considered stabilized and ready for sample collection when the following is met for three consecutive readings collected at 3 to 5 minute intervals: -Turbidity remains within 10% (or within 1 NTU if turbidity is <10NTU) -Specific conductance and temp remain within 3% - ORP within + or - 10 mV -DO within 10% -pH within 0.1 unit

| Condition of Well        | Good    |
| Well Locked at Arrival   | Yes     |
| Well Locked at Departure | Yes     |

Signature

A handwritten signature in black ink, consisting of two distinct parts. The first part is a stylized, cursive letter 'A' or 'H'. The second part is a more complex, flowing cursive sequence that appears to be 'Pm' followed by a long, sweeping horizontal stroke.

|----------------------|------------|
| Constituent Sampled  | VOCs       |
| Container Type       | 40 mL Vial |
| Number of Containers | 3          |
| Preservative         | HCL        |

## Well Information

|                          |         |
|--------------------------|---------|
| Well Location            | Plant 2 |
| Condition of Well        | Good    |
| Well Locked at Arrival   | Yes     |
| Well Locked at Departure | Yes     |

Signature

A handwritten signature in black ink, consisting of two distinct parts. The left part is a stylized, cursive 'M' or 'W' shape. The right part is a more complex, flowing signature that includes a large loop and several smaller curves.

Signature

A handwritten signature in black ink, reading "Gary Schuler". The signature is written in a cursive, flowing style. The first name "Gary" is on the top line, and the last name "Schuler" is on the bottom line, with the two names connected by a large, sweeping loop.

Signed 2020-03-31 19:55:15 UTC

|                      |                |
|----------------------|----------------|
| Constituent Sampled  | PFAS           |
| Container Type       | 250 mL Plastic |
| Number of Containers | 2              |
| Preservative         | None           |

## Well Information

|                          |         |
|--------------------------|---------|
| Well Location            | Plant 3 |
| Condition of Well        | Good    |
| Well Locked at Arrival   | Yes     |
| Well Locked at Departure | Yes     |

Signature

A handwritten signature in black ink, consisting of stylized, cursive letters that appear to be 'ML' followed by a flourish.

## Well Information

|                          |          |
|--------------------------|----------|
| Well Location            | MW 18-91 |
| Condition of Well        | Good     |
| Well Locked at Arrival   | Yes      |
| Well Locked at Departure | Yes      |
| Signature                |          |

A handwritten signature in black ink, reading "Gary Schuler". The signature is written in a cursive style with a large, stylized "G" and "S".

Signed 2020-03-31 18:54:20 UTC
