Mr. Rob Marshall
Indiana Department of Environmental Management
Office of Land Quality, Permits Branch
100 North Senate Avenue Room IGCN 1154
Indianapolis, IN 46204

Dear Mr. Marshall

Re: Addendum - Refined Human Health Risk Assessment
2915 Dr. Martin Luther King Jr. Boulevard Facility
Anderson, Indiana

In October 2013 Conestoga-Rovers & Associates (CRA), on behalf of the Revitalizing Auto Communities Environmental Response (RACER) Trust, submitted a Refined Human Health Risk Assessment and Derivation of Site-Specific Risk-Based Screening Levels Report (RHHRA) to Indiana Department of Environmental Management (IDEM) for RACER Trust's 2915 Dr. Martin Luther King Junior Boulevard Facility. The RHHRA incorporates investigation results and evaluates the potential for site constituents to affect human health on- and off-site through derivation of site-specific screening levels. The RHHRA was assigned Virtual File Cabinet (VFC) No. 68983809 by IDEM.

On November 25, 2013, IDEM approved the October 2013 RHHRA with the exception of the non-default residential and commercial/industrial vapor intrusion groundwater screening levels. As such, RACER Trust has agreed to use IDEM's Remediation Closure Guide (RCG) generic residential and commercial/industrial groundwater vapor exposure screening levels found in Table A-6 of the 2012 RCG to assess the groundwater vapor intrusion pathway on- and off-site, respectively.

CRA, on behalf of RACER Trust, is requesting full approval of the October 2013 RHHRA (VFC No. 68983809), as amended by this addendum dated May 5, 2014.
