Re: Linden Road Landfill
Genesee County

Dear Mr. Strauss:

I am in receipt of your March 6, 1985, letter which submits the results of fourth quarter sampling at the Linden Road Landfill and puts forth your proposals for future activities at the site. I regret that at this time I am unable to review the data and your proposals due to other priorities.

I recommend continued monitoring, the practice and substance of which I leave up to you. Please note that the site does appear on the State of Michigan's Sites of Environmental Contamination Priority List, which is authorized under Act 307 PA 1982, as amended. The site will remain on the list as long as the contamination in the groundwater persists.

Thank you for your cooperation.

Sincerely,

GROUNDWATER QUALITY DIVISION
