2023 Annual Inspection Report

Linden Road Landfill
FILE: 1088190/1940103642

Dear **Mr. Kuberski:**

January 23, 2024

On behalf of Revitalizing Auto Communities Environmental Response Trust (RACER Trust), Ramboll Americas Engineering Solutions, Inc. (Ramboll) is providing the Michigan Department of Environment, Great Lakes, and Energy with this letter to comply with the Operation & Maintenance reporting requirements at the Linden Road Landfill site in Flint Township, Genesee County, Michigan.

Landfill Cap Inspection

This letter serves to fulfill the Operation & Maintenance (O&M) reporting requirements contained in the O&M Plan dated February 2008 and to satisfy the terms and conditions as described in Section IV, subsection 4.1 of the Agreement for a Limited Recreational Remedy document, Landuse-ERD-98-011, dated June 16, 1999.

<https://ramboll.com>

The American Youth Soccer Association (AYSO) continues to lease and use the site for recreational purposes and restricts access to the site via a combination lock at the gate to the site. The AYSO also maintains the soil cover by mowing, seeding, filling, as well as setting animal traps, and repairing animal burrows. An inspection report from the October 13th, 2023 inspection is included as **Appendix A** to this letter.

As noted in the report, burrowing animals appear to be present in the soil cover and moles have made tunnels and mounds in several areas. No signs of damage to the final cover or evidence of waste were observed during the inspection due to the burrowing animals and mole activity. During the inspection there appeared to be less mole activity than the previous inspection. Other than stated above, the landfill cap is in good condition. The opening in the western perimeter fence was repaired on November 28, 2023.

If you have any questions regarding the information in this letter, please contact me at (313) 333-0211.

Very truly yours,

RAMBOLL AMERICAS ENGINEERING SOLUTIONS, INC.
