Mr. Luther Blackburn
YCUA Industrial Pretreatment Program Supervisor
Ypsilanti Community Utilities Authority
2777 State Road
Ypsilanti, Michigan 48198-9112

Dear Mr. Blackburn:

Re: June 2011 Discharge Permit
Industrial User Permit #RA 6-12
RACER Trust
Company Vehicle Operations Area (CVO)
2901 Tyler Road
Ypsilanti, Michigan

Pursuant to requirements of Industrial User Permit # RA 6-12 (Permit) Appendix A, the permittee is required to submit a monthly discharge summary by the 5th of every month for the previous calendar month. CRA has prepared this discharge summary for June 2011 on behalf of Revitalizing Auto Communities Environmental Response (RACER) Trust.

During the month of June 2011, the total volume of treated water discharge to Outfall 001 was 18,767 gallons. Please note that water was treated and discharged on June 17, 2011 and June 20, 2011 as indicated below.

Date	Flow Totalizer Readings (Gallons)		Total Volume Discharge (Gallons)
	Initial	Final	
6/17/2011	385,422 *	387,673	2,251
6/20/2011	387,673	404,189	16,516

* The flow totalizer was previously used at a different site. This initial reading does not represent historic discharges to Outfall 001.

The monthly self monitoring report for June 2011, the quarterly self monitoring report for April - June 2011, and the semi-annual self monitoring report for January - June 2011 will be submitted prior to July 20, 2011 as outlined in Appendix A of the industrial permit.
