Pursuant to requirements of Industrial User Permit # RA 6-12 (Permit) Appendix A, the permittee is required to submit a monthly discharge summary by the 5th of every month for the previous calendar month. CRA has prepared this discharge summary for February 2012 on behalf of Revitalizing Auto Communities Environmental Response (RACER) Trust.

During the month of February 2012, there was no treated water discharged to Outfall 01. The system was decommissioned on November 29, 2011. The last discharge occurred on November 16 and 17, 2011 and no water was pumped after this date. The discharge summary for the month of November was submitted on November 22, 2011.

The quarterly self monitoring report for January – March 2012 will be submitted prior to April 20, 2012 as outlined in Appendix A of the industrial permit.
