Dear Mr. Favero:

The Department of Environmental Quality (DEQ), Air Quality Division (AQD), has received your request to void Renewable Operating Permit (ROP) No. MI-ROP-B2052-2013 for RACER Trust - Willow Run Plant Industrial Land located at 2930 Ecorse Road in Ypsilanti, Michigan. The AQD has reviewed your request and has determined the request is appropriate because the facility is no longer operational and all process equipment has been dismantled or removed and all facility structures have been demolished. As a result, the AQD has voided your ROP. In addition, the AQD has voided your Source-wide Permit to Install No. MI-PTI-B2052-2013.

If you have any questions, please contact me at the telephone number listed below.

Sincerely,

Scott Miller
