

RICK SNYDER  
GOVERNOR

STATE OF MICHIGAN  
DEPARTMENT OF ENVIRONMENTAL QUALITY  
LANSING DISTRICT OFFICE

C. HEIDI GREYHER  
DIRECTOR

October 13, 2017

Mr. Dave Favero,  
RACER Trust  
500 Woodward Avenue, Suite 2650  
Detroit, Michigan 48226

Dear Mr. Favero:

SUBJECT: Notice of Approval of Response Activity Plan for the RACER Flint West #12990, Northwest Corner of Kersley and Stevenson, Flint, Genesee County, Michigan; Facility ID No. 25000005

The Michigan Department of Environmental Quality (MDEQ), Remediation and Redevelopment Division, has reviewed the Response Activity Plan for an In-Situ Hydrogen Release Compound Pilot Study for RACER Flint West #12990 submitted by Applied EcoSystems, Inc. on the behalf of RACER Trust on October 11, 2017, pursuant to Section 20114b(3) of Part 201, Environmental Remediation, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (NREPA). Based upon representations and information contained in the submittal, the Response Activity Plan is approved.

This Response Activity Plan approval is based upon the representations and information contained in the submittal; therefore, the MDEQ expresses no opinion as to whether other conditions that may exist will be adequately addressed by the response activities that are proposed. Notwithstanding this approval, if environmental contamination is found to exist that is not addressed by the Response Activity Plan and you are otherwise liable for the contamination, additional response activities may be necessary.

If you should have further questions or concerns, please contact Jim Innes, project manager, Lansing District Office, at 517-284-5115. or [innesj@michigan.gov](mailto:innesj@michigan.gov)

Sincerely,

Dennis Eagle, District Supervisor  
Lansing District Office  
Remediation and Redevelopment Division
