Re: Sub-Slab and Indoor Air Sampling Work Plan Addendum – Revitalizing Auto Communities Environmental Response Trust (RACER Trust) Moraine Facilities – Former Delphi Harrison Thermal Systems (OHD 000 817 577), Former Moraine Engine Plant (OHD 980 569 388), and Former Moraine Assembly Plant (OHD 041 063 074)

Dear Ms. Barnett:

The United States Environmental Protection Agency (U.S. EPA) hereby approves the Sub-Slab and Indoor Air Sampling Work Plan Addendum, dated January 14, 2014. ARCADIS submitted the work plan addendum on behalf of the RACER Trust Moraine Facilities.

Based on discussions at our March 27, meeting, RACER Trust will provide further documentation on actual sub-slab sampling locations based on implementation. This will include vertical situation within the building structure (i.e, tunnel, basement) and elevation relative to the water table. RACER will incorporate the additional documentation into result reporting. Please provide a schedule for implementation of the work plan addendum upon availability.

For any questions regarding this letter, please contact me at (312) 886-7567 or at capiro.mirtha@epa.gov.

Sincerely,

Mirtha Cápiro
