Mr. Grant Trigger
Clean Up Manager, Michigan
Revitalizing Auto Communities Environmental Response Trust
2930 Ecorse Road
Ypsilanti, Michigan 48198

RECEIVED JUN 27 2012

Dear Mr. Trigger:

SUBJECT: Revitalizing Auto Communities Environmental Response Trust (RACER);
Site Identification No.: MIK 468 293 311

On June 7, 2012, Department of Environmental Quality (DEQ), Resource Management Division (RMD) staff conducted an inspection of RACER, located at 2901 Tyler Road, Site 2, Ypsilanti, Michigan, to evaluate compliance with Part 111, Hazardous Waste Management, and Part 121, Liquid Industrial Wastes, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (NREPA); Subtitle C of the federal Resource Conservation and Recovery Act of 1976, as amended (RCRA); and any administrative rules or regulations promulgated pursuant to these acts. A copy of the completed inspection form can be obtained by contacting this office.

Based upon information obtained and observations made during the inspection, RMD staff has determined that RACER is in compliance with the requirements of Part 111 and Part 121 of the NREPA and Subtitle C of the RCRA that were evaluated.

During the inspection it was discussed that RACER would put all liquid hazardous waste drums in over pack drums to provide secondary containment for them. If this is not the case then RACER would need to provide secondary containment for the liquid hazardous waste drums that meet the applicable requirements. The rubber containment currently on site would be legal only for the storage of liquid industrial waste and any solid hazardous waste generated by RACER.

If you have any questions, please feel free to contact me DEQ-RMD, Jackson State Office Building, 301 East Louis Glick Highway, Jackson, Michigan 49201; by telephone at the number listed below; or by e-mail at sonnenbergt1@michigan.gov.

Sincerely,

Tim Sonnenberg
Resource Management Division
