Hello Jim,

Update on ground hog/gopher holes at Linden.

Yesterday I checked the traps that we set back in October and they were empty. I don't believe they are 'active'. Nevertheless, I tossed in some poison pellets and filled in the holes with soil, removed the traps.

Happy Holidays!

Michael,

A hard copy of the report will not be necessary. I will file the one you provided. Let me know how the burrowing animal inspection after the soccer season turns out. Thanks.
