Dear Mr. Trigger:

SUBJECT: Receipt of the Site Summary Report, Former General Motors Company
Powertrain Willow Run, Ypsilanti, Michigan U.S. EPA ID: MID 980587893

The Michigan Department of Environmental Quality (DEQ), Remediation Division, has reviewed the Current Conditions report received on July 8, 2011, that was prepared by Conestoga Rovers & Associates on behalf of Racer Trust. This review was conducted pursuant to Parts 201 and 111, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended. The report is the final document. The "Draft for Review" label was not removed from the tables, appendices, or figures in this report. These items contained in the report are also considered final.

Should you have any questions, please contact me by email; at lundk@michigan.gov.

Sincerely,

Kevin Lund, PE, CPG
Senior Geologist
