Dear Mr. Metcalf:

SUBJECT: Additional Groundwater testing of Monitoring Well MW-3S at Linden Road Landfill, Genesee County

The Michigan Department of Environmental Quality (MDEQ) has reviewed the correspondence dated March 25, 2002 and submitted on your behalf by Roy F. Weston, Inc.

The MDEQ agrees that the proposed quarterly sampling of MW-3S should continue. If the levels of volatile organic compounds continue to exceed criteria further action may be required.

In addition to quarterly sampling, the MDEQ requests General Motors submit a Notice of Migration of Contamination for this site.

Feel free to contact me if you have any questions.

Sincerely,

James E. Innes
