Dear Mr. Holdwick:

Re: Interim Measures Work Plan for Hotspot Soil Excavation  
Former Peregrine (US) Inc. Coldwater Road Facility, Genesee Township, Michigan  
MIR 000 020 743

This letter presents an Interim Measures Work Plan for "hotspot" soil excavation at the Former Peregrine (US) Inc. Coldwater Road Facility (Facility) located in Genesee Township, Michigan. The Interim Measures Work Plan is included as Attachment A. The hotspot in the Former Drum Storage Area was identified during soil sampling adjacent to the sumps in August 2000 as part of the RCRA Closure and further delineated in May 2002 and June 2002. The other hotspots were identified during the RCRA Facility Investigation (RFI) and further delineated in June 2002.

Should you have any questions on the attached, please do not hesitate to contact me at (248) 680-5219.

Yours truly,

REMEDIATION AND LIABILITY MANAGEMENT COMPANY, INC.
