O'Brien & Gere

Dear Mr. Favero:

SUBJECT: Agreement with Request for No Further Action (NFA); RACER Coldwater Road Landfill, Flint, Michigan; MID 005 356 860

The Department of Environmental Quality (DEQ), Office of Waste Management and Radiological Protection (OWMRP), has completed its review of the Corrective Action Closure – Former Wastewater Treatment Plant (Report) for the RACER Coldwater Road Landfill facility that was submitted by O'Brien and Gere on January 21, 2015. With the Report, RACER requested a NFA determination for the Former Wastewater Treatment Plant (WWTP). The Report was reviewed for compliance with Part 111, Hazardous Waste Management, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended.

The OWMRP agrees that NFA is appropriate for the WWTP. With this determination, RACER may proceed with the next step of implementing a supplemental Declaration of Restrictive Covenant to include the WWTP area. As pointed out in the Report, a Postclosure operating license (PCOL) is required for termination of the Corrective Action Consent Order.

Should you require further information, please contact me at 517-284-6558; confortir@michigan.gov; or DEQ, P.O. Box 30241, Lansing, Michigan 48909-7741.

Sincerely,

Richard A. Conforti, Jr., P.E.
Office of Waste Management and
Radiological Protection
