DIRECTOR

March 5, 2004

Mr. Robert Metcalf
General Motors Corporation
902 E. Leith Street
Mail Code 485-118-230
Flint, Michigan 48550

Dear Mr. Metcalf:

SUBJECT: Plan to Address Potential Migration of Vinyl Chloride in Groundwater at the Linden Road Landfill Site, Genesee County

The Michigan Department of Environmental Quality (MDEQ) has reviewed the subject document, received from Weston Solutions, Inc. on March 2, 2004.

The MDEQ approves the plan and looks forward to receiving the planned quarterly reports. Note: if concentrations of vinyl chloride in off-site groundwater continue to exceed criteria at the end of four quarters of sampling, further action will be required.

As always, feel free to contact me if you have any questions.

Sincerely,

James E. Innes
Remediation and Redevelopment Division
