Lansing, MI 48909-7741

*Subject: Monthly Status Report – November 2009
Coldwater Road Landfill
1245 East Coldwater Road, Flint, MI
MID 005 356 860 / Consent Order No. 64-05-92*

Dear Mr. Conforti:

In accordance with requirements of the above referenced Consent Order, we are providing you with this Monthly Status Report for the month of November 2009.

1. Work Completed This Reporting Period

- Dewatering of the leak detection vaults occurred on November 11, 2009.
- The semiannual groundwater and leak detection system (LDS) sampling event occurred during the week of November 16, 2009.

2. Summaries of Findings

- None.

3. Summaries of Changes

- None.

4. Summaries of all Contact with Local Community

- None.

5. Summaries of all Problems

- None.

6. Actions Being Taken to Rectify Problems

- None.

7. Changes in Personnel

- None.

8. Projected Work

- Dewatering of the leak detection vaults is scheduled for December 16, 2009.
- Sampling and discharge of accumulated liquids will be conducted as needed.
- Flushing of the force mains is scheduled for December 9 and 10, 2009.

9. Reports/Data

- Leak detection Vaults A, B, C, D, E and F were pumped on November 11, 2009. During November 2009, no water was removed from Vaults A, and D. However, 29 gallons were removed from Vault B, 40 gallons were removed from Vault C, 142 gallons were

removed from Vault E, and 38 gallons were removed from Vault F. Total volume of water removed from the vaults during the month of November was 329 gallons (including rinse water). According to the master flow meter, a total of 630 gallons were discharged to the accumulation tank; therefore, 301 gallons were pumped from the sumps during the month of November 2009.

The following graph presents the vault dewatering data in graphical format for the past year:

Please call me at 248-477-5701 if you have any questions.

Very truly yours,

O'BRIEN & GERE ENGINEERS, INC.
