LEGAL DESCRIPTION FROM THE TITLE COMMITMENT, NOTING DIFFERENCES FROM RECORD AND MEASURED

I hereby certify to General Motors Corporation, Agent, Holdings, Inc., LandAmerica Transition Title Insurance Company, that a survey of land was conducted by me or under my direct supervision on April 16-21, 2008. This is a true and correct survey of the above-described land and shows the true and correct location of the buildings, structures, and improvements situated on such land and all easements, rights-of-way, setback lines, and similar restrictions that are of record, visible, or otherwise known to me. Neither the property surveyed, nor any separately described parcel constituting a part thereof, was or would be created by an illegal subdivision of land. The buildings and improvements do not overhang or encroach upon any easements or rights-of-way of others, and there are no encroachments either way across the boundary lines of such land. The property surveyed is not located within a flood plain area or any special flood hazard area or general hazard area as shown on the Federal Emergency Management Agency Flood Hazard Insurance Rate Map for the Michigan State of Michigan, as amended, dated 1999 by the American Congress on Surveying and Mapping, and the National Society of Professional Surveyors, the American Congress on Surveying and Mapping, and the National Society of Professional Surveyors, the survey measurements were made in accordance with the "Minimum Angle, Distance, and Closure Requirements for Survey Measurements Which Control Land Boundaries for ALTA/ACSM Land Title Surveys;" (2) this Survey was prepared in accordance with the Minimum Standard Detail Requirements for ALTA/ACSM Land Title Surveys as jointly established and adopted in October, 1999 by the American Land Title Association, the American Congress on Surveying and Mapping, and the National Society of Professional Surveyors; and (3) this Survey includes Items 2, 3, 4, 6, 7a, 7b(1), 7c, 8, 9, 10, 11b, 13, 14, 15, 16, 17a, 17b, 17c, 17d, 17e, 17f, and 17g of Table A of the Minimum Standard Detail Requirements.

Dated: 4/21/08
