Ms. Amy L. Hoeksma  
Vice President/Operations Leader  
ARCADIS U.S., Inc.  
10559 Citation Drive, Suite 100  
Brighton, Michigan 48116

SUBJECT: Approval with Modifications of RCRA Facility Investigation Work Plan (RFI Work Plan), Field Sampling Plan (FPS), and Quality Assurance Project Plan (QAPP); RACER Trust Plants 2 & 3; MID 980 700 827; Plant 6; MID 005 356 928

The Department of Environmental Quality (DEQ) has reviewed the three subject documents that were received electronically on August 26, 2011, pursuant to Part 111, Hazardous Waste Management, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended.

Based on that review, the documents are approved with the following modification:

- Boron, beryllium, and vanadium are added to the list of parameters in Table 2 of the QAPP for which quality assurance/quality control samples will be analyzed.

In a related issue, a Public Involvement Plan is still required for these sites. Pursuant to your previous telephone conversation with Mr. Joe Rogers of this office, the Public Involvement Plan can be submitted as a separate document; however, it should be completed within the next 45 days so that it can be implemented when the investigation results start to become available. The schedule can be incorporated into the quarterly progress reports for the project. U.S. Environmental Protection Agency guidance on preparing a Public Participation Plan is available online at:

<http://www.epa.gov/osw/hazard/tsd/permit/pubpart/manual.htm>

Should you require further information, please contact me at 517-373-7397; quackenbushp@michigan.gov; or DEQ, P.O. Box 30241, Lansing, Michigan 48909-7741.

Sincerely,

Peter Quackenbush  
Senior Environmental Engineer  
Hazardous Waste Section  
Resource Management Division  
517-373-7397
