Bay City, Michigan 48708-5489

Dear Ms. Injasoulian:

Re: Groundwater Treatment System Commissioning
RACER Trust Bay City Property

As discussed and in accordance with Part 4 Section 8 of Industrial User (IU) permit No. 120807 the following letter serves as formal notice for the commissioning of the new Revitalizing Auto Communities Environmental Response Trust (RACER) groundwater treatment system located on RACER's property at the north end of Crotty Street in Bay City, Michigan (Site). The commissioning of the groundwater treatment system is scheduled to begin on Monday, October 14, 2013 with an expected duration of 2 to 3 days.

The Site contact that will be overseeing the commissioning is Steve Hoevemeyer (616-437-7734). The groundwater treatment system will not be placed in regular operation until adequate testing has been completed to establish that the discharges will comply with the requirements of the permit and other applicable laws and regulations.

Should you have any questions on the above, please do not hesitate to contact us.

Yours truly,

CONESTOGA-ROVERS & ASSOCIATES

Michael R. Tomka, P.E.
