According to Meryl:

- The "NELAC" VOC samples you received today you should already have dry weight samples for. These are samples that were collected (and submitted) between 05/11 and 05/17. So you should be able to match up sample IDs to find dry weight samples.
- You should have sample bottles for both SB-A17-DF146-1_2 (collected at 10:33) and SB-A17-DF146-11_12 (collected at 13:10). Please let me know if you have both sets of bottles and if both are listed on the COC.
