Mr. William Hudson
Environmental Coordinator
GMC-Saginaw Nodular Iron Plant
2100 Veterans Memorial Parkway
Saginaw, Michigan 48605-5073

Dear Mr. Hudson:

SUBJECT: GMC - Saginaw Nodular Iron
Closure Plans
MID 041 793 340

The Michigan Department of Natural Resources (MDNR) has completed a review of your revised closure plans dated May 27, 1988, for your old and existing calcium carbide treatment units and container and tank storage areas, pursuant to the requirements of 40 CFR, Part 265, which are adopted by reference in MAC 299.11003 of the Act 64 administrative rules. Based on this review, and the fact that no significant comments were received during the 30-day public comment period, the MDNR hereby approves your closure plans.

Closure of RCRA interim status units does not release the facility from its responsibilities under the Hazardous and Solid Waste Amendments of 1984 (HSWA). All interim status facilities are subject to the corrective action requirements of these amendments.

If you have any questions, please contact Ms. Andrea Schoenrock, of my staff, at 517-373-3988.

Sincerely,

Alan J. Howard, Chief
Waste Management Division
517-373-2730
