Mr. Luther Blackburn
YCUA Industrial Pretreatment Program Supervisor
Ypsilanti Community Utilities Authority
2777 State Road
Ypsilanti, Michigan 48198-9112

Dear Mr. Blackburn:

Re: May 2013 Discharge Permit
Industrial User Permit #RA 12-15
RACER Trust
Company Vehicle Operations Area (CVO)
2901 Tyler Road
Ypsilanti, Michigan

Pursuant to requirements of Industrial User Permit #RA 12-15 (Permit) Appendix A, the permittee is required to submit a monthly discharge summary by the 5th of every month for the previous calendar month. CRA has prepared this discharge summary for May 2013 on behalf of Revitalizing Auto Communities Environmental Response (RACER) Trust for Willow Run Company Vehicle Operations Area (CVO), located in Ypsilanti, Michigan (Site).

During the month of May 2013, the total volume of treated water discharged to Outfall 01 was 17,114 gallons. The water was treated with sodium permanganate on May 3 and 14, 2013. The water was discharged on May 16, 2013, as indicated below.

Date	Flow Totalizer Readings (Gallons)		Total Volume Discharge (Gallons)
	Initial	Final	
05/16/2013	536,929*	554,043	17,114

* The flow totalizer was previously used at a different site and has been used to treat into totes (without discharge) at the Site. This initial reading does not represent only historic discharges to Outfall 001.

The semi-annual (January – June 2013) and quarterly (April – June 2013) self-monitoring reports will be submitted prior to July 20, 2013 as outlined in Appendix A of the industrial permit.
